Launch of V2

by chaozz

02 march '09 at midnight was the launch of what I started calling **V2 of HackerForever**. After weeks and weeks of programming and days of testing V2 was finally ready to be played by you.

The list of new features is big, but here are a few:

- IM Outbox
- FTP servers
- Hack Chat
- Server Manager
- Etc..

I would like to thank the following people for taking the time to login to my test server and **hunt for bugs**:

- gordliamjack
- WAR10CK
- Darklord
- slasher101
- freezman
- Leitow
- mx3lover
- Wumbo
- roule
- ciath
- theworm
- Infernal Jocker

- soulswerelost
- owls4life
- bl4ckd4rk
- Spartan104

Photos of you playing HF

I would like you to send me photo's of you guys playing HF. Do you play it hooded? In the dark? In school? At work?

Here's a cool example from **Infernal Jocker**, playing HF on his iPod:
